2021 VIRTUAL SPRING SUMMIT

APR 27

PRESENTERS

Jeffrey Dorfman

Jeffrey Dorfman is a professor of economics at The University of Georgia and currently serves as State Fiscal Economist for Governor Brian P. Kemp. He is the author of four books and over one hundred academic publications. His research focuses on the quantitative analysis of economic policies.

Christy Sanders

Christy Sanders is an attorney with the Georgia State Financing & Investment Commission, Georgia Building Authority, and State Properties Commission. She advises these agencies on a range of issues but focuses on procurement, construction, and property transactions.

Marvin Woodward

Marvin Woodward was appointed as the Deputy Director of the Georgia State Financing and Investment Commission in April of 2019. Prior to that, he served as the Deputy State Property Officer assisting the State Property Officer in managing the Georgia Building Authority, State Property Commission and Georgia State Finance and Investment Commission. From 2002 to May of 2008, he was employed by the Georgia Regional Transportation Authority as Director of Engineering and Projects. Prior to being employed by GRTA, he was employed by the Federal Highway Administration for 11 years, serving in their Georgia and New Jersey Division Offices. He also worked for highway construction contractors and the New Jersey Department of Transportation. He has over 37 years' experience in highway and building construction, project development and planning. Mr. Woodward is a graduate of Penn State University with a B.S in Civil Engineering.

Marvin and his wife Amy reside in Johns Creek and have been married 37 years.
